

Tarjetas insertables COMPACT y COMPACT-E

UMX-LNK | UMX-LNKE » enlace de audio

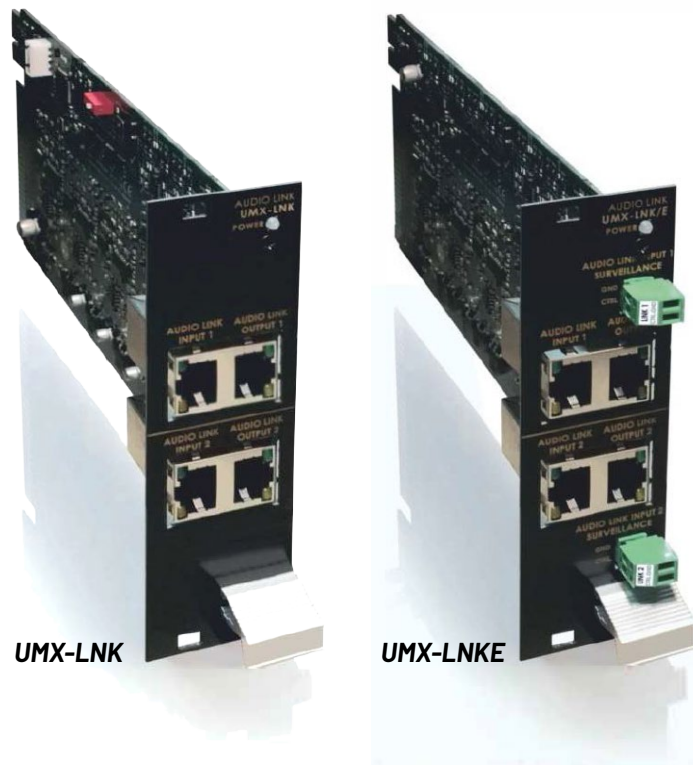

Tarjeta de enlace de audio entre la matriz de audio master COMPACT y las matrices secundarias COMPACT-E (con UMX-LNKE instalada) o IF-7P4/OE. La tarjeta enlaza 4 canales de audio (música o avisos) y un canal de emergencia entre las matrices con un cableado simplificado (2 x RJ45), adecuado para conectar fácilmente equipos en diferentes racks. Permite crear un bus en anillo y dispone de notificación de desconexión.

Insertable cards COMPACT & COMPACT-E

UMX-LNK | UMX-LNKE » audio link

Audio link card between COMPACT master audio matrix and COMPACT-E sub matrices (with UMX-LNKE installed) or IF-7P4/0E. The card links 4 audio channels (for music or announcements) and an emergency channel between the matrices, with simplified wiring (2 x RJ45), suitable for ease connection of equipment in different racks. It allows the creation of a ring bus with disconnection notification.
