

12-Key Network Remote Pad (EU, 2 Gang)

VPK312

- The VPK312 is a 12-key, network-based remote pad designed for use with ATEN Presentation Switches. It offers an intuitive interface for function control of the connected Presentation Switch from a standard 2-gang EU wall-mounted keypad. Created with flexibility in mind, the functions and layout of the keys can be easily customized via an intuitive web GUI to meet different application requirements.

Setting up the VPK312 is easy. Simply pair the VPK312 Remote Pad with a Presentation Switch over Ethernet, and the web GUI will assist you through the configuration. With up to 6 Remote Pads can be connected to one Presentation Switch, the VPK312 provides an scalable and affordable control interface to work with Presentation Switches that is perfect for any meeting room, class room, or lecture room.
